[Tanya Perskaya](#), an artist & author, presents some of Swedenborg's eco-logical ideas which show themselves as very contemporary in the pursuit to save our Planet and achieve harmony between the spiritual and the natural. She demonstrates how Swedenborg's teachings influenced her own creative artistic approach.

matter is an outcome of the spiritual matter.

[Tanya Perskaya](#) lives in Stockholm Sweden and works as an international artist with multiple exhibitions in Germany, USA, France, Monaco, Singapore, Switzerland, etc.. She is a keeper of the two Swedish patents for her educative card games: *Rainbow Round Cards* (RRC) & *Project Modeling Game* (PMG). She is a member of *Swedenborg Forum* in Sweden, which she represents at Art Sacré in Senlis.

Born in Sweden 1688, [Emanuel Swedenborg](#) was a great scientist & spiritual Prophet of all times. His grand work 'PRINCIPIA, or principles of all things in the natural world' explains how the universal laws of natural existence corresponds to the Divine structure of spiritual world, and how all we call natural
